

## 2009 DOTY Awards Check List

- ✓ Did you read the requirements for the Categories to determine your entry's proper category?
- ✓ Did you include the required three 4" x 6" width x height (10.16 cm x 15.24 cm) color photographs or digital files? An additional close-up of doll's face is optional. NOTE: If you are sending digital photos, please make sure that they are hi-resolution and 300 dpi in jpg or tif formats only. Other formats will not be accepted.
- ✓ Did you make a label with your name, entry name, and category number and glue or tape it to the back of each photo? Please double check the spelling. We suggest putting a piece of paper between each photo to avoid smears on the photos and we recommend using either a pencil or non-smear pen for the label.
- ✓ Did you sign your contact information form?
- ✓ Did you fill out an entry form for each entry?
- ✓ Did you make sure NOT to include details that would identify you or your company on the entry information form?
- ✓ Did you include the correct entry fee(s)?
- ✓ If paying through a wire transfer or with a credit card, did you supply all the required information?
